

## Painting Instructions for Magply

All joints, screw heads, nail holes etc should first be filled using Magply Ready Mixed Filler Adhesive, which is left for 24hrs and sanded down flat.

The recommended paint for Magply is Keim Paint Systems, please refer to Keim website [keimpaints.co.uk](https://www.keimpaints.co.uk) for Dilution/ Fixative primer.

For more information about how best to use Keim products with Magply please visit: [magply.co.uk/keim](https://www.magply.co.uk/keim)
